# YOUR COLON

Screening helps save lives. Talk to your doctor.

Colon cancer may be preventable, detectable, and, if found early, treatable.<sup>1</sup>

Screening can save your life.

## Today I pledge to:

- Talk to my doctor about the right time for me to get screened
- Talk to my loved ones about their risk for colon cancer and if they should get screened
- Make an appointment to get screened

---

Appointment date/time
